

Enhancing IT risk and compliance to enable stakeholder trust

We polled more than 800 individuals who hold various risk roles at their organizations, and here is what we discovered*.

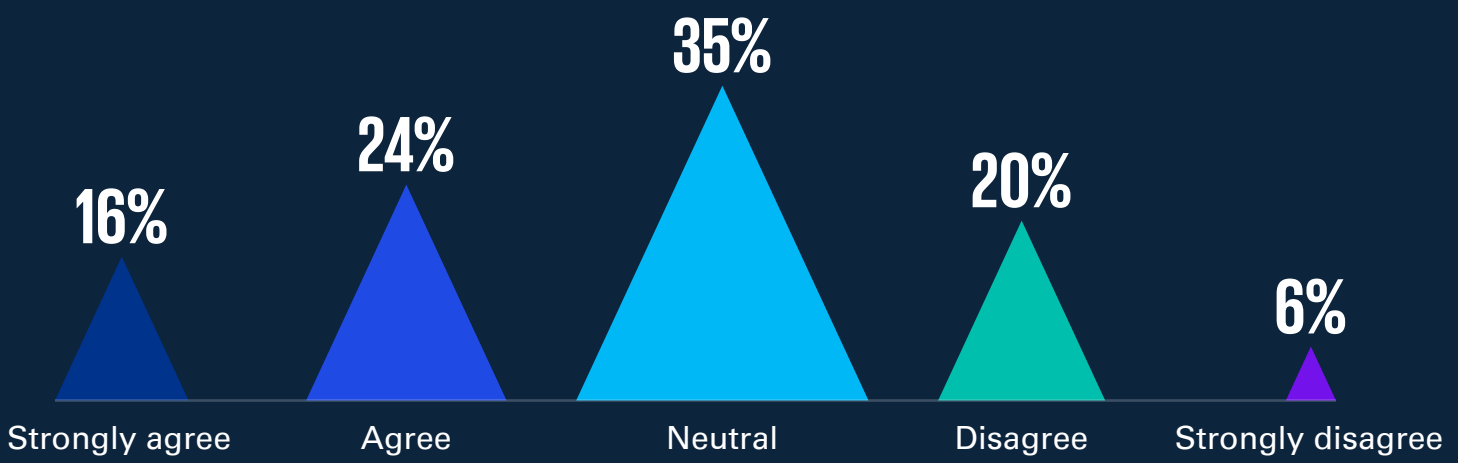

Our organization is implementing IT risk and compliance governance leading practices.

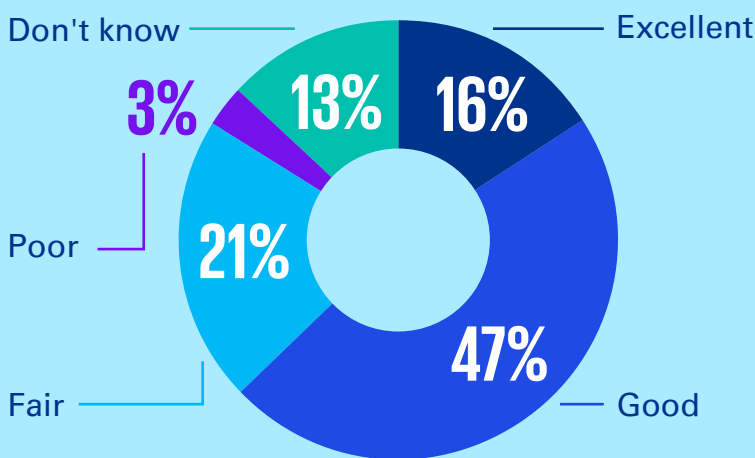

Our organization is trying to drive efficiency through automation.

Our organization needs help with running IT compliance operations to meet regulatory or other related requirements.

Our organization's ability to flexibly ramp up and down on demand is:

*Data was gathered from responses to polling questions posed during our webcast, Enhancing IT risk and compliance to enable stakeholder trust, which took place on June 2, 2022.
